Blended Paediatric First Aid Courses

Our blended learning Paediatric First Aid course is a 12-hour course and consists of 6 hours e-learning and 6 hours face to face practical training. Paediatric First Aid training should be renewed every 3 years. Delegates must attend all sessions and complete all aspects of the course to qualify for certification. It is also a requirement for the practical activities, that course candidates are able to undertake floor-based activities to show competency in the practical assessments of CPR and the recovery position.

Booking Terms and Conditions

Information on our booking terms and conditions are outlined on the following link
