# Supporting Recovery Training Programme

## Fully funded Spring & Summer Supporting Recovery Programme

This new offer of 6 x 90-minute modules is **free to all schools in the West Midlands and Cheshire.**

This programme aims to support teachers and middle and senior leaders from all phases of education to deepen their knowledge and understanding of using evidence and the Tiered Approach to supporting school recovery through:

- Deepening knowledge and understanding of using of educational evidence
- Identifying areas for development
- Making evidence-informed decisions to improve teaching and learning

The programme is **most appropriate for those staff that have not attended Research School training in the last 18 months** and may be less familiar with the approaches, resources, and recommendations of the EEF.

A range of **dates and formats of delivery** are available from Research Schools across the region (Aspirer, Billesley, Staffordshire & St. Matthew's). **Available dates** are included in this link and participants can sign up to any offer. Multiple people from each school can register but each person is required to complete a registration via this link - <https://forms.gle/37H26fCwmJMnYmnx5>
